

New Settlers on Way to Terrace Arrive by Car

A caravan of three autos carrying twenty-two people arrived in New Hazelton on Monday afternoon and are spending a few days here awaiting the wayfreight to take their cars on to Terrace where the party will make their future home.

The party is composed of Louis Decair, merchant, with his wife and 3 children and J. W. Llewellyn, wife and ten children, from Pinewood, Ont., and R. J. McColeman, wife and three children, of Delia, Alberta. The people from Pinewood motored to Delia and were there joined by Mr. McColeman, and the big party continued their journey by car. They left Ontario on June 4th, and when travelling made 200 miles per day and one day made something over 330 miles, but that was too strenuous, and Mr. Llewellyn admitted that he worked over eight hours on that occasion.

The travellers carried their own camping outfit with them, but wherever possible secured a house. They travelled something like 3000 miles to get here but report having had a wonderful trip, the best ever, and everyone of the party, even the children, are delighted to get to British Columbia to make their homes. They say this is by far the best country they travelled through or ever lived in.

The new settlers have their plans made of what they propose doing and from an industrial standpoint Terrace will not suffer. Mr. Llewellyn and Mr. McColeman were in that district last winter and know what they are coming to. Mr. Decair was a merchant in Pinewood for fourteen years and he packed his goods in a big-auto freight car and shipped it to Terrace. The stock is a general one and will be unpacked as soon as the travellers from the east arrive at their destination.

Occupy the new Store and new Hotel Addition

The addition to the Omineca Hotel at Hazelton is nearing completion and C. W. Dawson expects to have his store in the front of the new part open the later part of this week. He will have a very fine place of business when he opens up there and the public will appreciate the service and the class of goods he will carry.

The addition will give the hotel eleven more bedrooms upstairs and a large ladies parlor at the front opening onto a verandah. This is something the hotel has long needed. The rooms will all be electric lighted, and the furniture will all be new and of the best grade. The beds will be four feet six inches wide and fitted with the best of springs and mattresses.

The third floor will be fitted up with cots, etc., and reserved for special occasions.

On the ground floor and back of the new store will be the barbershop in a room by itself, a sample room and a fur buying room and a fur store room.

After the new part has been completed it is proposed to do the old part of the hotel over with plaster board the same finish as adopted in the new part. Other improvements are also to be made.

Mary Mathers, of Kispiox is writing her entrance examinations in New Hazelton this week.

"Lilac Time" is Next Saturday At Hazelton

Against the thunderous background of war-torn France, with flying aces zooming in the air overhead and the backwash of the world's most terrible conflict bringing panic to the peasantry, a little slip of a girl in simple frocks takes you to great emotional heights, brings a heart throb here and a tear there, as you follow her through one of the greatest romances ever told.

That, in a sentence, is "Lilac Time" First National's great new special picture starring Colleen Moore at the Hazelton theatre on Saturday next.

"Lilac Time" is truly great, and Colleen Moore is brilliant in a role that rises to emotional heights. This clever little comedian, who sprang into fame in the flapper pictures of a few years ago, is justly entitled to a niche among the best dramatic actresses of all time as the result of this great role in the picture of the stage play by Jane Cowl and Jane Murfin.

As Jeannine, the little French girl who lives within hearing of the rumble of the great guns, who hides her tears behind a smile as her sweetheart goes away to almost certain death, Miss Moore demonstrates supreme artistry that establishes her as a consummate actress of dramatic strength and power. Gary Cooper, who acts the role of her war ace sweetheart, is an ideal leading man. Aside from good looks and a likeable personality, he is an excellent actress and gives a brilliant performance.

"Lilac Time" is not a war picture. Jeannine would have no part in a "war story" at least no major part. Rather, "Lilac Time" is a heart story—a romance supreme, a gripping, poignant, compelling human narrative that has the background of the World War—a conflict that swirls and eddies behind this frail lass of Sunny France.

The successful motion picture is the one that takes you bodily from your theatre seat and carries you to the locale of the story. "Lilac Time" does just this. You find yourself, living those hectic days over again with little Jeannine, thrilling to her joys and sympathizing in her sorrows. And Miss Moore's clever portrayal of the little French girl is responsible for this.

Masterfully directed by George Fitzmaurice with Gary Cooper playing opposite the star; with a fine supporting cast and marvelous photography with thrilling air battles done with unbelievable realism; with the true flavor of France in every sequence, "Lilac Time" comes very near to being the perfect picture. Certainly it is perfect entertainment and Colleen Moore is a revelation.

"Lilac Time" was produced for First National by John McCormick, and the superlative cast, all of whom deserve an individual word of praise, includes Burr McIntosh, George Cooper, Cleve Moore, Kathryn McGuire, Eugene Bessner, Emile Chautard, Jack Stone, Edward Dillon, Dick Grace and Stuart Knox.

Don't miss this splendid picture, which is another demonstration why Colleen Moore is the favorite actress of millions.

The forests furnish a direct revenue of approximately seventeen million dollars annually to the Dominion and Provincial Governments and of this seven million is spent in the administration, protection and improvement of the forest estate.

The Omineca Herald is \$2.00 a year

PRINCE RUPERT NEWS LETTER

Magistrate Thomas McClymont has suggested to the Rotary Club that the C. P. R. be invited to buy that part of the Canadian National railway from Red Pass Junction to Prince Rupert. It was received, not exactly with cheers and pounding of tables, but it is not overstating the case to remark that the proposal aroused interest. Many in Prince Rupert are not in the mood to let well enough alone. And that is why the idea of selling out, body and breeches, has started tongues wagging.

Billy Reid, electrician in the car shops, has the faculty of being around as well as handy, in an emergency. This was again shown last week when a boy fell through an abandoned wharf near the ocean dock. The boy in question is no ordinary kid, for he belonged to the Westminster Glee Club, and has a voice like a silver flute. Reid plunged in, got a good grip on the struggling lad, and swam with him to shore.

Local interest was this week centred in the convention of the Associated Boards of Trade of Central British Columbia. At this writing it is hard to say just how far the new province controversy will go.

It seems like shipping beef to Calgary or coal to New Castle or cheese to Holland, to speak about fish being brought to Prince Rupert. Nevertheless "aint it the truth?" Trout fry—50,000 in fact—are being placed in the lakes near the city. Cloyah Lake is one of several being restocked.

The recent hospital fire horror in Ohio is being taken to heart by hospitals all over the country. In other words a great deal of attention is being given the question of safe storing of X-ray films, in which the American holocaust originated. At the last meeting of the local hospital board, correspondence from the fire marshals office in Vancouver was read regarding the necessity of special precautions. The films may be stored in a vault.

New Hazelton School Report

Grade 1 to Grade 2—Margaret Grier Sammy Senkpiel; Bernice Walter; Ester Bugg; Margaret Willan.

Grade 2 to 3—Freddie Salt; Eric Sargent; Carl Christianson;

Grade 3 to 4—Eric Johnson; Charlie Bugg; Stanley Willan; Edith Bugg.

Grade 4 to 5—Athol Russel; Catherine Smith; Egill Sargent; Kenneth Smith.

Grade 5 to 6—Lawrence Willan; Peter Smith; Kathleen York—promoted on trial, absent for exams.

Grade 6 to 7—John Sargent.

Grade 7 to 8—Louis Parent; Orrice Sargent—on trial.

Honor Rolls—Proficiency, Freddie Salt; Deportment, Kathleen York, Regularity and Punctuality, Delcourt Parent.

Special Prizes awarded by the teacher, Miss Jacquot, were won by—Nature Books, Athol Russel; Spelling (Juniors) Freddie Salt; Spelling (senior) John Smith.

Chas. Durham of Usk was in town the first of the week.

Hon. Bennett Coming August the Thirteenth

On August 13th next Hon. R. B. Bennett, leader of the Conservative party in federal affairs, will pass over the Canadian National railway from Prince Rupert east, stopping off at Smithers for fifty minutes to hold a public meeting. An effort will be put forth to have the leader speak to the people in this vicinity, even though it is only for a few minutes while the train waits at one of the local depots. If this cannot be arranged there will be a number go from here to Smithers. The Conservative leader will be accompanied through this district by J. C. Brady, M. for Skeena.

F. G. DAWSON RETURNED

Found Business Improving but Roads edays peq uq aiam tseuqno uq

F. G. Dawson returned from his auto trip last Saturday, loaded his car that night and left for Prince Rupert the following morning. Mr. Dawson stated that he had taken his trip just two weeks too soon as he ran into a lot of rain in the Ootsa country. The roads in Skeena he found pretty good, but on towards the eastern end of the riding of Omineca where A. M. Manson is the representative, the roads are anything but good. He motored to Ootsa but found one place which took him one hour to make five miles. He considered that bad, both for his state of mind and for the car. Ald. A. J. Prudhomme was with him travelling in the interests of the Prince Rupert fair. In the bad piece of road referred to above the radiator on Mr. Dawson's car did some boiling and as steam was escaping the Alderman feared an explosion and loosened the top of the radiator to let the steam out. It came out too fast and burned his arm. After getting to Burns Lake again Mr. Dawson decided to park his car there and made the rest of his journey to Prince George by train.

Mr. Dawson found business pretty good and the people feeling fine. There has been a lot of rain in the eastern end of the district, enough, he says to last the rest of the summer. The crops are looking fine but heat is needed more than anything else now.

"I may be down," said the shirt to the underwear, "but I'm not out."

Mitchell Newman, Queen Charlotte Islands passed through Monday night on his way to Vancouver.

Mr. and Mrs. Reid motored from Smithers Sunday and brought Mr. Sharpe Sr. to Hazelton where he will stay.

Mrs. H. C. Wrinch is spending a few days in Prince Rupert this week.

There are seven candidates writing on the entrance examinations at New Hazelton this week, four from town, and one from Kispiox.

Miss Moffatt, teacher at Hazelton, has gone to her home in Chilliwack to spend the summer vacation.

Mr. and Mrs. Robt. Gill of Smithers are spending a week's holiday at the latter's old home in New Hazelton.

For a period of ten months during the Great War, British Columbia produced enough Sitka spruce to build 20,000 airplanes.

People Travel East from Here Three Parties

Last Saturday night three auto parties arrived in New Hazelton to which point their cars had been shipped on the wayfreight the day before. The parties were J. B. and Mrs. Agar and son and Mrs. Greig and Miss Mona, of Terrace. They left the same evening for Smithers and on Sunday started for the east. Mr. and Mrs. Agar will visit his old home in Drayton, Ont. and Mrs. Greig and daughter will visit with friends and relatives in different parts of Ontario, including Mrs. Bleecker, a former resident of Terrace. They will be gone for two months at least.

Mr. and Mrs. Thos. McClymont of Prince Rupert remained in New Hazelton Saturday night and Sunday morning left for Burns Lake and then by easy stages to Vancouver. They will be away several weeks.

Mr. and Mrs. Geo. A. Woodland of Prince Rupert spent a couple of days in New Hazelton leaving Monday afternoon for Smithers. They will go east as far as Prince George. Mr. Woodland is agent for the Imperial Oil Co. and he is looking after business enroute.

Some weeks ago the Herald predicted that quite a number of motor parties from Prince Rupert would ship their cars to New Hazelton and make the trip east or south.

The three parties that left here the end of last week or the first of this week will return this way. It is a safe bet that in all their travels they will see no district that has so much to offer in the way of scenery and natural resources or climate that this district known as the Hazelton district.

QUICK NEWS

Geo. Gilmour received several cracked ribs as a result of coming into contact some of the road machinery.

On the 20th the temperature dropped to 24 and when Old Sol got busy the grass, grain and vegetables began to look sick. They have since recovered to a great extent. Possibly the surplus crop will be reduced.

The Quick and Round Lake school picnic attracted a big crowd. Everyone enjoyed themselves and the children had a long list of sports put on by the teachers, Miss Thorsteinsson and Mr. Thomas. Mr. Manning and Peter Wilson assisted considerably in staging the games and Mr. Holland contributed a tubful of prizes for the little ones. Carl, as usual did a lot to make the picnic a success and to him and other assistants much thanks is due. Miss Thorsteinsson has been at Quick for two years and it is hoped she will return next year.

In the organization of a new province it would be well to note the effect upon the roads if elections and visits from officials were annual affairs. Much more would be done.

"Deepcreek" Johnston has added to his holdings once more and now has an ideal place for raising spuds.

The well drillers are now at R. McGregors.

For the benefit of prairie farmers we report some wheat 18 inches high and according to reports from various States, we are not the only ones having unseasonable weather.

NEW PROVINCE ONLY A THREAT

The Prince Rupert Liberal organ, chief advocate of the new province idea admits that the scheme is only a threat against the Conservative government at Victoria. It also admits that if the provincial government will grant all and more than that organ thinks the north should have that it does not care about a new province. But there is a big difference between what a hostile newspaper thinks is fair, and what a government in full possession of facts concerning income, etc., is able to do with a depleted treasury inherited only a few months ago from the now opposition.

The threat of forming a new province under the present circumstances is too much like the little boy who had a ball and because the other boys did not let him be captain, pitcher, catcher and shortstop he took his ball and sat on the fence. In the commercial world he who threatens to quit if he does not get more money, etc., is generally allowed to carry out his threat, and with profit to the firm.

There is no justification for forming a new province in the northern part of British Columbia. There has never been any need and a threat at this time will do the north more harm than good. A government as strong as the Tolmie government at Victoria, both in numbers and in the calibre of the men are not likely to be stampeded by a threat from two or three districts that sent opposition members to the house. On the contrary they are apt to laugh a little in their sleeves and watch the antics of the mistaken agitators.

Thos. McClymont, one of the originals in Prince Rupert, and prominent in the life of that city, does not favor the new province threat, he advocated something else to stir up new interest among the Prince Rupert people. If a vote were taken it would be found that very few, if any, of the leading and well informed men in Prince Rupert took any stock in the new province threat. The same condition applies to the interior. In fact the interior has nothing to complain of from the new government at Victoria, and especially in the way of appropriation of public moneys, or the quality of the work being done.

At best the new province threat is only a bad dream.

A lot of sand and gravel has disappeared from the piles that the government had hauled from the river last fall for bridge construction. No doubt the department of public works knows where it went; possibly sold it or gave permission for it to be used.

The Duke of Atholl told this story from the Highlands the other day.

"An aristocratic old lady in the highlands," said the Duke, hired a crofters boy as page, and bought him a livery to be worn only on very special occasions.

One day she gave a dinner party. As she entertained her guests in the difficult ten minutes before dinner was served, a tousel head was stuck into the dining room and the voice of the new page asked:

"Please, ma'am, am I to wear me ain breeks or yours?"

"I cannot understand," said the Vicar, "why so many of our congregation go straight from church to the public-house."

"Oh," said his lively curate, "that's what is known as 'the thirst after righteousness'."

A. A. Gregg of the forest service at Prince Rupert was in town last week.

Miss Ester Moore left for Prince Rupert on Wednesday.

Misses Fanny McLearn and Edna Dobbie have returned to Rupert after spending a three week's holiday with their parents.

Mr. and Mrs. Wm. Vanderlip arrived from Parksville, V. I., on Monday and will spend a few weeks in town.

Mrs. T. J. Marsh is spending a few days in Prince Rupert with her daughter, Mrs. Farquhar.

W. Stevens was in from Kallum on Wednesday last to attend the funeral of the late David Shaw.

Miss Marguerite Martin of the P. R. hospital staff, arrived on Wednesday for a holiday at her home.

The Ladies Guild held their annual picnic at Lakelse Lake last Wednesday when a large number attended considering the unfavorable weather. A few of the ladies showed sufficient Spartan spirit to jump into the cold water but leap-frog and lurching appear to have been the favored sports

Quite a number of the girls and boys from the surrounding towns are here this week writing their examinations.

E. Dix put on the first dance of the season on Saturday night at Kallum Lake where he erected a new dance hall last winter. Everyone reports a dandy time. Quite a number went out from Terrace.

Miss Butt of Usk was in Terrace on Saturday last.

Rev. A. W. Robinson went to Prince Rupert on Sunday on account of a turn for the worse in the condition of his son Theodore. Mrs. Robinson has been in Rupert for some days.

Jas. Russell left Saturday for Dunster, B. C., to spend some time with his son George

Walter Warner of Rosswood spent a few days at Hazelton last week returning home Saturday.

Mr. and Mrs. R. McCullough and daughter went to Prince Rupert on Sunday. Mr. McCullough got hurt at the mill Saturday afternoon.

Chas. Finter left Saturday for Edmonton where he will visit his grandmother for a month.

At a farewell party at the home of Mrs. Glass in honor of Mrs. Allen last Friday evening the C. G. I. T. girls presented her with a beautiful tray in token of their appreciation of the work she has done for them during her stay in Terrace.

Prov. Cons. McKenney has returned after an interesting and picturesque

Dr. R. Agnew, dentist, will be at the Terrace Hotel on June 26 and 27. As the stay is short make your appointments early.

trip to Alyansh by way of Kallum lake and thence down the Naas to Prince Rupert in a fishing boat.

Miss Hester Wright is in New Hazelton presiding over the entrance examinations.

Mr. and Mrs. J. B. Agar and Mrs. Greig and Mona left Saturday for New Hazelton to which point they had sent Mr. Agar's car and from there they started on a motor trip to Ontario to spend some weeks visiting friends and relatives.

Miss Helen Greig left Saturday for Smithers where she will visit for a few weeks with Mr. and Mrs. Fowler.

SCHOOL CLOSING CELEBRATED

The high school boys and girls celebrated their liberation from their so-called prison house when they had a real old-time weaner roast beside a camp fire at Lakelse last Thursday evening. When the weaners had disappeared they climbed into all the boats that were available and cruised around the lake. Later the fire was rebuilt and they all gathered around the flames and smoke and hilariously sang until a late hour when they reluctantly started back for town.

Presentation to Rev. and Mrs. Allen, Terrace

Members and friends met on Thursday evening in the United Church to farewell to Rev. and Mrs. Allan and family who leave on Thursday next for their new field of work in Ganges Harbor. The church was artistically decorated, a profusion of cut flowers lending to the arrangement. R. W. Riley occupied the chair and the evening's entertainment commenced by Lil with a huge sheaf of roses. Those contributing to the programme were: Solos by Mesdames Allan and King and Messrs. Allan and Robinson, spiced addresses by Canon Marsh and Rev. Robinson who paid high tribute to Rev. Allan as a fellow worker, an instrumental by Annie Allan. E. T. Kenney was called upon to address the company and after expressing the good will and kindly feeling between Pastor and people not only of his own denomination, many friends outside the church being present. He presented Rev. Allan with a handsome suitcase and Mrs. Allan with a purse containing \$85 in gold and Miss Annie for faithful services as an organist with a lovely brush and comb. Mr. Allan replied and assured the friends of their appreciation and expressed in very feeling terms their regret in severing connection where he felt he had made many consistent friends. Mesdames Munroe, Riley, and McKenney were in charge of the evenings entertainment which was a most enjoyable one, the refreshments sustaining the Guild Ladies good reputation as cooks

Further Details Late Mr. Shaw Kallum Lake

David Richardson Shaw met an accidental death on Maroon mountain while hunting goat on Saturday afternoon, June 15. A rock which started rolling down the side of the mountain struck him on the head and sent him crashing down over a cliff of 150 feet. Frank Nightwine who was with him could find no trace of him. A search party went out and his badly mangled body was not found until Tuesday. The deceased was born in the Cariboo district in 1870 and he came to Terrace in 1922 and has since been prospecting in the Kallum Lake district. He leaves to mourn his loss one brother and two sisters, one Mrs. F. Nightwine of Kallum Lake.

The late David Shaw was a member of the Canadian Legion. He joined up in 1916 with the 281st Bat. He was a highly esteemed member of the Native Sons of Canada and had been a Mason of long standing.

The funeral was held on Wednesday evening from the United Church and Rev. Wm. Allen conducted the service. At the cemetery, F. Hall, of the Sons of Canada read a kindly piece expressing the grief of the members. The pall bearers were W. C. Sparkes, W. F. Lindsay, S. N. Kirkaldy, E. T. Kenney, T. M. Turner and J. H. Smith, all members of the various organizations to which the deceased belonged.

CARD OF THANKS

Mr. and Mrs. Nightwine wish to thank their friends and neighbors for kindness and sympathy received during their recent bereavement; also for the floral offerings.

PLANS TO CANOE DOWN THE FRASER

Jasper Park Alta.—In the truck of the great explorers of the first white men to lay eyes on the Pacific Coast a young German journalist is about to start an adventurous canoe journey down the Fraser and the Thompson Rivers to Vancouver. Arriving in Jasper from Edmonton where he took the preliminary canter on the Saskatchewan River, Carl Schwerla of Munich, will leave for Mount Robson. He will take to the water at Blue River, returning to Jasper by train. Schwerla plans to explore the Athabasca and Maligne Lake. The young adventurer who has written a number of books on outdoor subjects is also a lecturer of prominence in Germany both by radio and platform and has written and produced movie scenarios of river and lake travel. By movie and still photograph and by the written and spoken word he will carry Canada back to Europe. His canoe is a folding one and weighing only 35 pounds and easily carried on a man's back and is modeled after the Eskimo kayaks.

Smithers Notes

The committee in charge of preparations for the big Dominion Day Celebration next Monday are busy these days getting ready for the programme of sports, foot-races, horse-races, tug-of-war, tie-making competition, and final dance at night. A big attendance is expected.

Delegates from Smithers Board of Trade to the meeting of the Associated Boards of Trade at Prince Rupert this week include Vice-President H. F. Noel, Secretary-Treasurer L. M. Mathews, S. Phillips, and Dr. R. C. Bamford.

Frank H. Taylor arrived from Owen Lake on Saturday night after making a personal cruise of the proposed Morice River route for a road to that section. He says that twelve feet of good ore have been shown up in the recent new find on his properties there.

Prof. J. M. Turnbull of Vancouver, Mining Engineer, was in Smithers last week between inspections at Owen Lake and Topley Richfield for both of which mines he is consulting engineer.

V. Crockett, Principal of the Smithers High School, left on Monday evening's train for a summer holiday trip to Prince Edward Island.

The stork has been working hard in this section of late and over the weekend was on double-shift when he brought twin boys to Mr. and Mrs. R. B. Wallace at the Bulkley Valley Hospital in Smithers.

A new find of galena, arsenical iron and zinc ore showing about twelve feet wide was made by Grover Lovelless last week while doing prospect work near the Duthie Mine on Hudson Bay Mountain.

There was a good attendance at the Hospital Dance in Smithers on the night of June 21st.

The newly built Anglican Church Parish Hall on First Avenue East was opened on Saturday afternoon, the 22, with a benefit tea and sale of home-cooking which netted over \$50 for the ladies of the Church.

Telkwa Tales

Eye specialists and tooth specialists were in town this week.

Corpl. Berger and Cons. Prichard of Hazelton R. C. M. P. detachment, were in Telkwa on Sunday.

Tourists are coming from all directions lately. One arrived from Portland to visit with relatives at Timothy Hill and on Sunday three families of new settlers for Terrace arrived by cars and spent the night here.

Last Sunday Telkwa baseball team beat Smithers by a score of 16 to 15. It was exciting for the spectators all the way through.

It was with general regret that it was learned Cons. Fairbairn of the provincial force, had been transferred to Burns Lake. He has been here for quite a number of years and got along well with the local people and at the same time kept infractions of the law to a minimum. Andy has already gone to his new post and his family will be leaving very soon. The family will be missed in the social life of Telkwa.

Mrs. Cornwall and daughter and Mr. Pickett motored to Topley for a weeks visit with Mrs. Broadbent.

At a farewell party at the home of Mrs. Glass in honor of Mrs. Allen last Friday evening the C. G. I. T. girls presented her with a beautiful tray in token of their appreciation of the work she has done for them during her stay in Terrace.

TEACHERS NOT TO STAY IN THE RURAL SCHOOLS ALONE

The following letter has been sent to all rural school boards:—

Victoria, B. C.,

To the Secretaries of Rural School Ladies and Gentlemen

The Department of Education has come to the conclusion that young women who are engaged as teachers in small Rural Schools should under no consideration remain in the school building after school hours without the presence one or more children or friends.

I, therefore, request your Board to make such arrangements as are possible in your District to ensure that, if you have a young woman as teacher she shall not be left alone while she is engaged in the discharge of her duties at the school.

I would also point out that it is the prescribed duty of the School Board to see that the school is swept and kept clean, and if the Board makes an arrangement with the teacher for undertaking this additional work, care should be taken to see that she is not left alone in the building while the work is going on.

Your careful consideration of this matter will be deeply appreciated.

Yours very truly,

J. Hinchcliffe,

Minister of Education

WANTS BOUNTY RETAINED

The farmers of British Columbia, after working for a long time, secured by vote of the Legislature, a bounty of \$7.50 on coyotes. As a result in 1927 a large number of coyotes were captured. During 1928 the number was very small. Therefore it would seem the correct thing to keep the pest at the present level instead of removing the bounty and allowing them to increase once more.

The above was contributed. To the editor it does not seem good business on the part of the farmers to sit by and watch the coyotes increase after the government assisted them to reduce the number of animals to a number that is apparently easy to cope with.

NEW C.N.R. HOTEL FOR VANCOUVER

The finest hotel on the Pacific coast is now under construction in the heart of Vancouver for the Canadian National Railways. The excavation for the foundations has been completed and the steel contract awarded and work will be pushed vigorously until the hotel is ready.

This fine building, which will occupy a prominent place in the downtown section of the city, will be known as The Canadian National Railways Hotel. It will contain five hundred bedrooms and will be wholly modern in all its facilities. Particular attention will be paid to banquet and convention hall facilities. The photograph shows the architect's conception of the new hotel as it will appear when completed.

Here and There

(320)

More than 1200 employees will comprise the personnel of the Royal York Hotel when the Empire's greatest hostelry throws open its doors to the public in June. The chef has between 125 and 175 skilled culinary experts under his control and the head-waiter commands a group of over 300 workers. There is a corps of 28 picked telephone operators and there is a printing establishment with three presses and a linotype machine.

With a score of 1402 out of a possible 1500, highest ever made since the contest was inaugurated, Canadian Pacific Railway police, Ontario No. 1 team have been awarded the Dominion Revolver championship for the Chief Constables Association Trophy. Thirty-six teams competed for the title. The winning team was made up of Investigator E. O'Brien, Sudbury; Constables H. H. Gyves, Port McNicoll; J. H. B. MacDonald, Toronto; D. Prendergast, Sudbury; and W. E. Tingman, White River, Ont.

Addressing the Quebec branch, Canadian Manufacturers Association annual meeting in Montreal recently, Henri Rolland, retiring chairman, said Canada had the second largest per capita installation of water power in the world with its 513,000 h.p. per thousand of the population, being second only to Norway. Today \$900,000,000 or \$100 for every person is invested in hydro-power plants and there will shortly be another \$200,000,000 added by numerous undertakings now in their initial stage.

Fine progress is being made in seeding in the Prairie Provinces, according to reports to the agricultural department of the Canadian Pacific Railway at Winnipeg. Lost time due to backward weather is now made up, it is claimed, the soil being in excellent condition. Pastures are somewhat backward but stock are in good shape.

Under its policy of development and expansion the Canadian Pacific Railway has already this season let contracts for 286 miles of branch line construction in western Canada, according to D. C. Coleman, vice-president of western lines. It is expected that when contracts for the Lanigan-Prince Albert branch are let that construction programme for 1929 will call for slightly more than 400 miles.

Hon. Narcisse Perreault, former Lieutenant-Governor of the Province of Quebec, returned from a six months trip to India, and the East recently. His Honor was taken ill with bronchial pneumonia when in Benares and for a time his condition was very serious. When he alighted from the Trans-Canada

OVER THE WATER

No. 14, Lac Beauvert—355 yards, Par 4.

The fact that the water in front of the 14th tee of the Jasper Park Lodge Golf Course is so clear that the ball can be seen when it rests thirty feet below the surface, isn't much consolation to the player who hooks his tee shot into the lake. A well driven tee shot goes straight to the green. A hook goes straight to the bottom.

Following the long 18th hole, this hazard is one to cause anxious moments to competitors in the Canadian Amateur and Western Canada Amateur Championships at Jasper in August, and the Silver Totem Pole Tournament in September. The upper photograph shows the tee and the plan below, the hole in detail.

TO TRY NORTHERN FLIGHT TO EUROPE

Winnipeg—Two Saskatchewan financial men and a newspaper representative are leaving here over the Canadian National Railways for Windsor tonight, on their way to Wayne, Mich., where they will purchase an aeroplane in which a flight will be attempted this summer from Saskatoon, Sask., to London, Eng. The route of the proposed flight will be via the Hudson Bay, Hudson Straits to Greenland and Iceland and thence to England. The pilot of the plane will be Captain J. B. Home-Hay, D. F. C. M. C.

The party leaving here this evening includes Charles Ellis, president of the United Air Services of Saskatchewan; H. P. Heurtly of the same company and W. R. Clarke, well known Canadian newspaper man and present news editor of the Saskatoon Star-Phoenix. They will be joined in Eastern Canada by Captain Home-Hay who is chief pilot for the United Air Services of Saskatchewan and he will fly the party back to Saskatoon.

Once the plane is landed in Western Canada it will be groomed for the

trans-Atlantic flight, a start on which will be made as soon as the condition of the plane and weather reports warrant it. The city and Board of Trade of Saskatoon are sponsoring the adventure.

The doctor's little daughter was watching wide-eyed as he tested the heart and lungs of a patient. Suddenly she spoke "Getting any new stations, daddy?"

The question on a history paper was, "What do you know about Queen Elizabeth and Sir Walter Raleigh?"

The answer given was:—"Queen Elizabeth rode through the streets of Coventry naked to save the town. She met Sir Walter Raleigh, who gave her his cloak and said, 'You look dam cold.' So good Queen Bess said: 'Dien et mon Droit—which means, 'By— you're right.'"

For a period of ten months during the Great War, British Columbia produced enough Sitka spruce to build 20,000 airplanes.

Health Service

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

PROTECT THE CHILD FROM TUBERCULOSIS

Tuberculosis continues to be one of the major diseases. It shows a decrease, but nevertheless, it still accounts for a tremendous number of deaths. Because it is a chronic disease its victims suffer for years, during which time their earning powers are reduced; consequently, Tuberculosis is one of the greatest causes of poverty. Also because a large percentage of tuberculosis deaths occur during early adult life, it is the reason why many children are left motherless or fatherless.

There is one particular part in connection with this disease to which we wish to draw the attention of our readers. This, that children are not susceptible to tuberculosis. Without in any way lessening the dangers of the spread of tuberculosis in other ways, it should be understood that it is the repeated exposure of big doses of infection that is the practical danger. Living in the home with a tuberculosis person, who is ignorant to the fact that he is suffering from the disease, or who knowing that he has the disease, is careless, it is almost certain that repeated heavy doses of infection will be passed to others in the home.

The young child living in the home with a careless or ignorant tuberculosis person is almost surely marked as a victim of this disease. Infection received in childhood is frequently responsible for the disease in later life.

If tuberculosis is to be stamped out it is necessary that more care be taken to protect young children. This means that adults must take more precautions since children cannot take care of themselves. Because it is most frequently in the home that tuberculosis is spread, the necessity of care in the home is apparent. To protect the children, adults must preserve their own health, and must practice living in such a manner that they do not endanger their children.

No one would willingly expose his child to disease, but where there is spitting, uncovered coughing and sneezing, the use of common drinking cups in the home, the child in that home is not being given a fair chance to escape disease. In such a home, if there is a case of tuberculosis the child will most certainly contract the disease.

WHAT SHALL WE EAT? By Barbara B. Brooks

Gelatine desserts are popular. Here are two recipes—one in which dried fruit and one in which fresh fruit are used.

Apricot Whip.

Cook one half pound of dried apricots and sweeten the same as for sauce. Drain juice, add enough water to make one pint, heat to boiling point and dissolve a package of orange ready-to-use gelatine in it. When cool set in ice or very cold water and whip with egg beater to consistency of thick whipped cream. Then add the drained apricots after they have been put through the colander. Serve with custard or whipped cream.

Strawberry Bavarian Cream

½ box gelatine; ¼ cup cold water; 1 cup strawberry juice and pulp; 1 tablespoon lemon juice; ½ cup sugar; 1½ cups heavy cream beaten stiff; Soak gelatine in cold water for five minutes, and dissolve by standing cup containing mixture in hot water. Strain into strawberry juice mixed with lemon juice. Add sugar and when it is dissolved set bowl containing mixture in pan of ice water and stir until mixture begins to thicken; then fold in cream. Turn into wet mold lined with

strawberries cut in halves and chill. Garnish with fruit, selected strawberries and leaves. A delicious cream may also be made with canned strawberries.

Honey gives an unusual flavor which is a delightful change. Fresh fruit may be sweetened with honey and puddings both sweetened and flavored with it.

Daffodil Meringue

3 tablespoons granulated tapioca; 2 cups boiling water; 3 eggs; ½ cup honey; 2 tablespoons lemon juice 1 tablespoon butter.

Pour the boiling water over the tapioca and part salt.

boil and cook until clear. When cool add beaten egg yolks, honey, lemon juice and butter, and cook in double boiler until custard coats the spoon. Pour in dish and make meringue from the egg whites and cover with it. Bake in slow oven for 25 minutes until delicate brown.

4 eggs; 1 cup hot delicately flavored honey; 1 pint cream (whipped)

Beat the eggs slightly. Pour slowly over them the hot honey. Cook until the mixture thickens. When it is cool add the whipped cream. Put the mixture into a mold. Put in freezing compartment or refrigerator for 6 hours. Or pack in 3 parts ice to 1

PEOPLE ARE FUNNY THAT WAY!

It is an extraordinary fact that people who are rigidly careful with Fire in their own homes are utterly reckless with it when out of doors. EIGHTY PER CENT. of our Fire Losses last year would have been prevented had people tried to remember that FIRE is an element with which it is NEVER safe to be careless

PREVENT FOREST FIRES--You can help

BRITISH COLUMBIA FOREST SERVICE

Advertised Goods Are Lower

ADVERTISING turns over stocks rapidly, and therefore multiplies profits. This means that prices in a shop which advertises can be short rather than long.

Of this you may be sure: Prices in a shop which advertises are not MORE than in a shop which does not advertise. The chances are that they are oftentimes lower.

This, also, is generally true: You will find better goods, better values and better service in those shops which turn over their stocks rapidly. This means, as a general thing, shops which advertise.

A NOTE TO MERCHANTS

Advertising costs you nothing—it is paid for by the profits of increased sales.

Advertising is easy—it is simply saying in writing what you say to your customers in your shop. Turn over stocks quickly, if you would make more money.

Read the Advs. Then Shop

Shoes Clearance Sale Women and Boys

These are all good shoes and are extra big value at the prices asked during the sale.
